

Hammers

Curved Claw Hammer Fibreglass Shaft 450g (16oz)

This Stanley Curved Claw Hammer has a lightweight design with a long handle for improved performance and less user fatigue. The handle has a fibreglass core that adds strength and helps to reduce vibrations. The polished smooth face has a tempered rim to reduce incidences of chipping.

Ball Pein Hammer Graphite

The Stanley engineers ball pein hammers are designed with a solid graphite core shaft. These hammers offers long life and durability and have a rim tempered poll and ball pein to prevent chipping during use. The hammers also have a patented head to handle assembly for improved safety and the comfortable handle is made from a vinyl compound.

Club Hammer Fibreglass Handle 1.13kg (2.1/2 lb)

The Faithfull general-purpose Club Hammer with precision ground striking faces specially hardened and heat treated to withstand the most high-impact heavy applications. Fitted with a fibreglass handle, with a rubber grip.

Sledgehammer

A professional sledgehammer, constructed from extra heavy duty carbon steel

- Heavy duty robust construction for the most demanding demolition tasks.
- Heavy duty shock absorbing handle
- High strength fibreglass core for vibration resistance and increased user comfort.
- Robust handle to prevent splitting and breaking. Safer to use than a standard wooden handled sledge hammer.
- Protective rubber collar underneath the head to increase user comfort and
