

NOW IN STOCK

SAME FORMULA, TWO DELIVERY SYSTEMS

Both products benefit from having wide spray application
and 360° valve which will work at any angle.

THE WD-40 MULTI-USE SMART STRAW

Precision applicator to penetrate
stuck or jammed parts and provide
essential lubrication as well as
displacing moisture.

THE WD-40 MULTI-USE FLEXIBLE STRAW

Cleverly reduce wastage with longer,
hard wearing, heat resistant, bendable
straw that will shape and reach where
you want.

- ✦ Temperature range: -20°C to +90°C
- ✦ Silicone Free
- ✦ Lubricates and prevents rust and corrosion
- ✦ Highly water resistant

WD-40 SPECIALIST RANGE

A TOOL FOR EVERY JOB

PENETRANT

£7.99

This powerful, fast acting solution quickly penetrates its way into hard to reach areas and rapidly loosens seized fixings, stuck or rusted moving parts. Highly water resistant.

- Withstands temperatures of -20°C to +90°C
- Quickly penetrates rusted and corroded parts
- Loosens seized fixings
- For use on Metal, Alloys, Rubber, Plastic & Most Paints

SILICONE

£7.49

This solution is a non-staining, hard working formula which provides excellent lubrication, won't attract dirt, and protects against moisture. It stops parts from sticking and can be used on high pressure equipment.

- Withstands temperatures of -35°C to +200°C
- Prevents parts from sticking
- Waterproofs and protects against moisture
- Use on Metal, Plastic, Rubber & Wood

CONTACT CLEANER

£7.49

This solution cleans oil, dirt, flux residue and condensation from sensitive electronics and electrical equipment. It rapidly penetrates into hard to reach areas and is fast drying without leaving any residue.

- Fast acting, non conductive cleaner
- Penetrates quickly
- Leaves no residue
- For use on Electrical Equipment, Contacts, Plastic & Rubber

DRY PTFE

£7.49

This solution contains PTFE which provides enhanced lubrication, leaving a dry clear film that won't attract dirt, dust or oil. It's quick drying and also great as a mould release agent.

- Withstands temperatures of -45°C to +260°C
- Enhanced lubrication and protection
- Dry clear film that resists dirt, dust and oil
- Use on Metals, Plastic & Glass

PTFE

£8.99

This solution contains PTFE which provides excellent lubrication and protection whilst reducing friction and wear, extending the life of tools and equipment.

- Withstands temperatures of -20°C to +100°C
- Long lasting lubrication
- Extends life of tools and equipment
- For use on Metals, Glass, Vinyl, Rubber & Plastic

WHITE LITHIUM GREASE

£7.49

This grease is a thicker solution which provides long term lubrication that won't drip or run. It's great for metal to metal applications, reducing friction to ensure your tools and equipment keep moving smoothly. Ideal for use on load bearing metal connections.

- Withstands temperatures of -25°C to +130°C
- Water and heat resistant lubricant
- Long lasting protection against rust and corrosion
- For use on Metal to Metal connections

SPRAY GREASE

£7.49

This product provides long lasting lubrication and is non-drip with excellent adhesion and sealing properties to provide resistance to water. It works across a wide range of temperatures and is suitable across a number of different applications.

- Withstands temperatures of -20°C to +260°C
- Long Lasting Lubrication
- Excellent adhesion and Sealing Properties
- For Use on metal surfaces

DEGREASER

£9.99

This fast acting, solvent based solution quickly removes grease, oil, dirt and grime without leaving any residue. It works immediately on contact and is easy to rinse away. For use on a wide variety of surfaces including metal, exhaust hoods and flooring.

- Works immediately on contact
- Easy to rinse
- Leaves no residue
- Cleans away Oil, Grease, Dirt & Grime

CUTTING OIL

£7.49

This product provides enhanced lubrication to reduce tip welding and maximise the life of cutting equipment. It works under extreme pressure and is ideal for cutting and drilling machinery and equipment.

- Improves Machine Finishes
- Prevents Pitting and Metal Seizures
- Reduces frictional heat
- For use on Cutting & Drilling Machinery & Equipment
